# FOREWORD

Let us say that the present is not and it is twenty years hence and the hands that hold this book are a little more weathered, the eyes a little more wrinkled, and the heart a little more grateful. In remembrance what will you find here—a catalogue of facts, names, and faces, obscure and tarnished, and someone vague telling you that the best years of your life would be spent here? And you stare into nothingness and ponder the truth in that till it comes upon you that you hold one of those years in your hand . . . hold it gently dear reader. A compilation of faces and facts it is; this much we've set down. But facts are nothing in the human heart without which this book will die. But it will live with a trying and a reaching back through the dimness, it will be fresh and alive, not stiff paper and ink shades, but a composite of memories . . . memories that you helped make. And if the memories are dear enough, then the hands, the eyes, the heart will be as young as those which behold it now.

This is the year 1964; this much we've set down. It is in your hands now . . . your book, your remembrance, your year . . .

THIS WAS A YEAR . . .

a year of weejuns and elephant jokes, knee-socks and burgundy, Budweiser and folk-music, snow and wrestling matches, welcome spring and closing books to run off to the lake. Sure all that was important and we savored every moment, but wait . . . there was more: what about formulas and test-tubes, conjugations and chalk-dust, equations and worn erasers, treaties and maps, scrambled notes and overdue library books, foot-notes and carbon paper, blue books and red-pencil corrections, theories and realities, Aristotle and Faulkner? And what about self-discovery?

Since 1886, students have walked these ways. The trappings may have changed, but the essence, the why of the walking has not changed. It is they who encompass both, who know most that this is not just a school. UC is ours and it's great. And of all her years this, in many ways, was one of her greatest.

*Youth, lovely, sanguine or unsure,*
*Daring or timid, warped or pure,*

# AND WE STUDY TOO

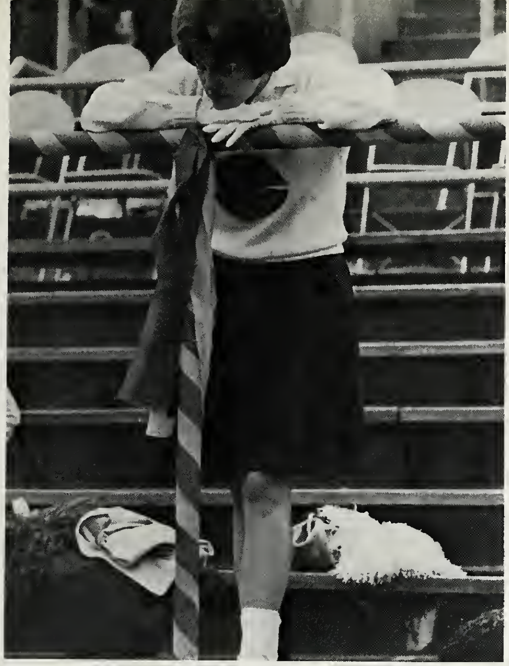
## THE NOBLEST CAUSE...

The pursuit of knowledge: early morning classes, the endless afternoons, the heavy evenings, tired and slow, lukewarm coffee and stale cigarettes, cramped legs, frustration, the joy of seeing a meaning where none existed before, sometimes reward, sometimes disappointment, more often . . . a compromise.

They tell us again and again "Don't be grade conscious! Don't be grade conscious!" and you try. You try until one of your best friends fails to graduate or loses a scholarship by five-tenths of a quality point. What can you do?

Oh well, back to the books.

Time occasionally has a way to lift us out of her usual drift to encapture us in a moment of unforgettable beauty. It is in these moments that we live the most, for they, being timeless, touch eternity itself.



And there are inward moments that are moods . . . of homesickness, depression, or just loneliness. We all feel them. They are important to happiness: having been there, we cherish it more. If moments could talk there would be much to say.

Among the mazes of mountains is Chattanooga cradled, and in the bends and crooks of her fertile river she settled summers past to thrive quietly. And the spirit of the land was on it all. With a free breeze rushing up out of cool twilight hollows twittering russett patterns all around and the hard feel of a forearm on a kindly birch, we greet the advent of a nocturne and the sealing of another span of light. And the earth drifts . . . on and on and many things will bereave you, but these mountains, guardians of the spirit of the land, once in your blood, will never leave you. The true kindred never part . . . never. And this is our legacy . . . our land.

A misty morning, dodging the puddles on the steps, the glassy-bright doors, trying to open the wrong one, the couch to the right with its perpetual faces, glancing left into vastness of detail, entering the hall, the T.V. is on but you can't tell if anyone's watching, into the din of the snack bar, friends, what a relief to put your books down, the line, the inevitable indecision as to what kind of donut to get, getting coffee, forgetting sugar or a spoon, borrowing a friend's spoon, small talk, "We didn't have to write out that lesson did we?" "Think we'll have a test?" the inadequate comfort that everyone's in the same boat, a stare lost across the room, a momentary gloom—a memory of a letter that didn't come, THE BELL—shattering all consciousness, noise increases quickly, all around people begin to move, finish your coffee, the tension builds, a slow resignation to reality, getting up, gathering books and courage, an inward stoic smile . . . a launching into another day. We love it.

In speaking of the poetry of Robert Frost, Robert Penn Warren remarked that all good poems ". . . drop a stone into the pool of our being, and the ripples spread."

Miss Isobel Griscom herself is like a fine poem. Those who know her and have been touched by her influence can personally testify to the experience of the spreading ripples. In the classroom she creates an atmosphere of enthusiasm and appreciative wonder, and in that spirit she breathes vitality and meaningful life into literature. She makes it glow. She questions everything. She shatters naive complacency, stirring into awareness even the most dormant minds and spurring into sensibility the most lethargic souls. With her knowledge she does more than instruct; she inspires. For more than forty years she has been a vital stimulation to the growth and intellectual life of this University.

She is like a fine poem: enlightening, elevating, powerful and unforgettable.

# PRESIDENT MARTIN

sident greets Joel Cunningham, President of the Student Body.

**DR. LeROY A. MARTIN**
**President, University of Chattanooga**

President's Message

To you who are about to be graduated, greetings. I trust you enjoyed U.C., that you picked up some provocative ideas, that a professor or two provoked you into a deep look into yourself which produced better self-understanding, that you found a book which gave you a vision of the Beloved Community, that you started a personal library which will grow and grow, that your mind will keep a growing edge all the way through this mysterious experience we call life, and above all that you became committed to reason as a method of understanding and facing the growing complexity of the world.

## COLLEGE OF ARTS AND SCIENCES

The College of Arts and Sciences offers programs in four divisions: Fine Arts, Humanities, Science-Mathematics, and Social Sciences, leading to the Bachelor of Arts degree. The primary purpose of this college is to acquaint students with broad and representative areas of knowledge and to increase their use of this information in living the mature life, in participating intelligently in society, and as the basis for a career. Selected courses in this college form the core curriculum which, with some modifications, is prerequisite for all undergraduate degrees.

## THE CHATTANOOGA EVENING COLLEGE

The Chattanooga Evening College offers cultural, professional, business, technical, and avocational interests classes. Its college-level courses are held in the late afternoon, evening, or Saturday morning and give the benefits of higher education to many adults in the greater Chattanooga area. # FOREIGN STUDENTS

This past year the University of Chattanooga was fortunate in having three foreign student-teachers. They came from France, Germany and Costa Rica.

Michelle Atoch, a vivacious blond, was a French college student when she was asked to spend a year in the United States. Upon arrival at the University of Chattanooga, she taught three French conversation classes, watched over the language lab for five hours a week, and registered for four courses as a student.

Hans-Martin Muller hailed from Germany. Hans-Martin studied one semester at the University of Hamburg. While at the University of Chattanooga, he taught German conversation courses and carried a full academic load. In addition, he kept the language lab for five hours a week.

From Costa Rica came Roberto Rojas. When he first came to America, he headed for the West Coast to learn English and the American customs. From there he went to New Orleans where he worked and went to Tulane Evening College. He came to the University of Chattanooga on the recommendation of a friend. While here, he taught Spanish conversation classes and studied Spanish literature.

The program is primarily designed to increase the teaching competence in Asian affairs of members of the faculties of UC, Birmingham-Southern, Maryville and Knoxville Colleges. UC has sought to give the people of Chattanooga an opportunity to reap the benefits of the appearance on the UC campus of some of America's foremost scholars and lecturers. Ten public addresses have been given at Cadek Hall.

Having the lectures here on our campus has provided the students with an excellent opportunity to be exposed to a culture other than our own and to hear internationally famous specialists in such fields as Oriental art, anthropology, history, literature, religion, sociology and government.

# SENIOR CLASS

As we began the year, we seniors at long last saw the end in sight of the long journey to obtain our Bachelor's Degree. We stood a little straighter as we realized that it was now our turn to serve as school leaders and met with determination the challenge of making our senior year the apex of our college days in the scholastic records we attained. Our professors were no longer just classroom instructors—they were our friends. The thoughts of "comps" were pushed in the back of our minds in order to concentrate on term papers and that course necessary for graduation. We worked our last year on Homecoming, took a final class from that favorite professor, and began to plan for the next year. Graduation became a reality to us, and the time had come to leave our Alma Mater. As seniors we finally realize the true worth of our years at this University. We know we shall never forget. . . .

BLUE KEY

BLUE KEY

# BLUE KEY

One of the highest honors that can come to a male student is being tapped into Blue Key. Blue Key is a national honor fraternity with over one hundred chapters across the nation, and its purposes are to stimulate intellectual attainment, to study student problems so that student life will be enriched, and to see that our institution's progress and best interests are stimulated and promoted.

The criteria for membership are character above reproach, excellence in scholarship, and leadership in college activities. Membership consists mainly of senior men, but particularly outstanding junior men may be tapped at the beginning of their junior year.

Among its yearly projects, Blue Key this spring sponsored a forum inviting student discussion on all points of the newly ratified student council constitution; the annual Blue Key Follies, however, was not held. In addition to publishing and distributing the wrestling and basketball schedule, the fraternity has innovated a policy of co-ordinating with Mortar Board on solutions to problems affecting the university as a whole.

**Seated:** Donna Brock Eberhart, Lillian Jolley, Margaret Wood, Helen Ruth Akers. **Standing:** Martha Kilgore, Cathy Elton, Gail Gladney, Martha Clemmer, President, Martha Galbraith.

# MORTAR BOARD

"To provide for cooperation between societies, to promote college loyalty, to advance the spirit of service and fellowship among university women, to maintain a high standard of scholarship, to recognize and encourage leadership, and to stimulate and develop a finer type of college woman." These are the purposes of Mortar Board as stated in the national constitution. The University of Chattanooga chapter of Mortar Board is the Quadrangle Chapter and is the highest honorary organization for which a woman student can be tapped.

Mortar Board endeavors to interpret its purposes through service projects aimed at increasing college loyalty and encouraging high scholarship. Fall projects included the annual calendar sale, a highly successful faculty-student basketball game, the Homecoming chrysanthemum corsage sale, and All-Sing, the annual campus group singing competition. After hosting chapters from four other colleges for a weekend Section Meeting, Mortar Board honored all women students named to the Dean's list for the preceding semester, and the annual Mortar Board scholarship was awarded to a deserving junior woman student in the spring.

The highest academic distinction granted for general excellence in scholarship is election to ALPHA, the scholastic honor society of the University of Chattanooga. Members of the senior class who, at the close of the first semester of their senior year, have an average for their entire course of 2.25 or better are regarded as eligible for election. Election is by vote of the faculty members of Alpha and indicates that the student has shown the capacity to develop body, mind, and spirit.

From the graduating class of 1964 twenty-two members were elected. Dr. John Freeman, Dr. Walter Ruby, and Mr. Stanley Williams were elected from the faculty. Miss Eleanor McGilliard serves as president of the society and Mrs. Mary Hale, as secretary-treasurer.

Dear Mr. Glenn:

I am indeed honored by your selecting me as judge for the beauties for your yearbook "The 1964 Moccasin." Needless to say it was an extremely difficult decision to make as all the girls are very attractive.

After careful consideration, I feel my nod must go to Miss Joan Huguelet.

Many thanks for selecting me to serve as your judge for this year.

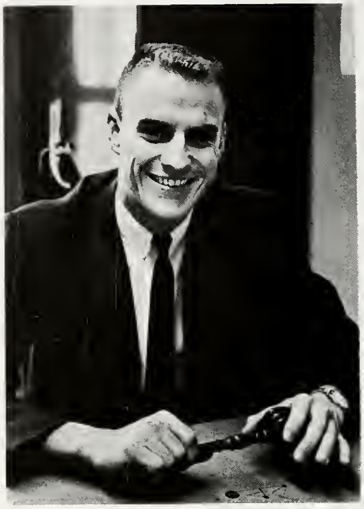
# STUDENT COUNCIL



**LARRY BAKER**
Student Body President

**JOEL CUNNINGHAM**
Student Body President

**TRUDY BENDER**
Secretary-Treasurer

The new precinct system, which went into effect last October, resulted in an overhauling of the Student Council. Members are elected from the sixteen precincts, each of which is composed of approximately eighty people. Besides one representative from each precinct, other members of the Student Council are the student body president, the secretary-treasurer, and the elections committee chairman.

Perhaps the most important item of this year's accomplishments was the formation of three standing committees: the procedures committee, which controls parliamentary procedure and the appointments of various temporary committee members; the entertainment committee, which handles social events, concerts, lectures, etc.; and the finance committee, which set up the Student Council budget and reviews and investigates financial requests before presenting them in a Student Council meeting.

Several other notable activities of the Student Council were the establishment of a walking blood bank, which enabled interested students to have their own blood typed and to donate fresh blood for open-heart surgery; the Four Freshmen concert held in the spring; sponsorship of the drama department's *Romeo and Juliet;* the traditional Old South Ball; and contributions toward the establishment of the UC marching band and the production of the Modern Dance Concert.

Because of the December resignation of Larry Baker, student body president and thereby president of the Student Council, Council member Joel Cunningham was elected by fellow members to complete that term of office.

The Council expresses its gratitude to its presidents Baker and Cunningham, secretary-treasurer Trudy Bender, and faculty advisor Dr. Robert Fenix for contributing so greatly to the success of the 1963-64 Student Council.

# HONOR COUNCIL

The Honor Council, whose members are nominated by the student body and elected by the faculty, holds as its responsibility the orientation of all new students in the regulations of the Honor System and the promotion of the effectiveness of the Honor System among students. Fostering a sense of academic honesty in all phases of campus activity, council procedure includes trying cases brought before it which concern violations of the honor code and designating penalties imposed on those found guilty.

The University *Echo* of 1963-64 has sought to maintain the standards set in previous years and, at the same time, to broaden its coverage of campus life. Under the leadership of Editor Martha Galbraith, ably assisted by three associate editors, Pat Bivens, Rick Weintraub, and Marilyn Wood, the *Echo* has taken an active interest in all areas of student activity, with the goals of conscientiously reporting and interpreting events as they occurred and encouraging a progressive spirit within student affairs.

The *Echo* has presented such features as interviews and commentaries from the faculty and administration, columns on community events, book reviews and election platforms. Holding membership in the Associated Collegiate Press and the Intercollegiate Press, the *Echo* has concerned itself with maintaining its standards in relation to collegiate newspapers of the nation.

In all its coverage, the *Echo,* under the faculty guidance of Professor A. Lawrence Fincher, has striven to present news and evaluations of the University community, with accuracy and objectivity. Emphasis has been placed on the dual role of the student newspaper as a record of events and as a barometer of the general atmosphere on campus.

The Committee also hears appeals from students who have been dismissed for failure to maintain prescribed academic standards. In matters relating to student government activities the Committee sometimes sits as a court to handle cases referred to it by student committees which feel that more objectivity in decisions concerning infractions of student governing rules can be attained through such a referral. The Committee meets only as called; no regularly scheduled meetings are held.

Students must have taken 11 hours of biology with a B average, have kept a C over-all average and be registered for another biology course. Initiation for these students was on Nov. 17 at Miss McGilliard's house. Students may become provisional members if they have had 8 hours of biology and are registered for more. These students are initiated in the spring.

There are five members from last year: John Charles, president and chairman of the program committee; Myra Phillips, secretary; Martha Clemmer, historian; and John Monroe. Robert Burt, Ralph Wipp, Ed Swart, David Tepper and Woody Oliphant will soon be initiated.

# GAMMA SIGMA EPSILON

Gamma Sigma Epsilon, originally founded at Davidson College in 1919, is the national chemistry honorary. The chapter here at UC is Iota Alpha.

The president of the Iota Alpha chapter, George Dorsey, says that the organization wants to encourage the study of chemistry both on and off campus. A student must have a B average in at least three semesters of chemistry and a C average in his other subjects to become a member.

The chapter takes from two to four field trips a year. Every spring a banquet is held, usually followed by a trip to Dr. Grote's house. Initiation is also held in the spring.

Dr. I. W. Grote is the faculty advisor. This year's officers are George Dorsey, president; Myra Phillips, secretary and treasurer; and Earl Cox, sergeant at arms.

# SIGMA DELTA PI

The Rho chapter of Sigma Delta Pi, the first in Tennessee, was chartered in 1931. Professor Terrell Tatum is the faculty advisor of this national Spanish honorary fraternity.

The purposes of Sigma Delta Pi are to foster a broader, more understanding view of "todo lo bello que haya salido de la venerable Espāna" and thus to bring about a continuing and more co-operative understanding of Spanish-speaking lands. It also seeks to recognize special interests and attainments of the Spanish language and Hispanic culture.

Among the activities of the chapter are subscription to the magazine *Mundo Hispánico* for the department of Spanish and sponsorship of the annual Pan-American Week chapel program and the Spanish night program of Fine Arts Week on the campus.

The president is David Scott.

# LE CERCLE FRANCAIS

Le Cercle Francais is the honorary French organization. Its purpose is to stimulate interest and a greater knowledge of France, its history, culture, language, and people. Election to membership requires completion of two years of college French or the equivalent with superior scholastic performance. The group holds monthly meetings to which speakers are invited to discuss their experiences in France or other French-speaking areas.

Dr. Maxwell A. Smith sponsors the group, and Jerry Hobson leads the group as president, Barbara Fenix is vice-president, Helen Ruth Akers as secretary, and John Creasy as treasurer.

# UNIVERSITY WRITERS GUILD

The Writers Guild is composed of students interested in creative writing. This new group was organized in 1963 to stimulate interest in writing creatively and to organize student material for the publication of an issue of the *Southern Accent,* a literary magazine formerly included in the University publications. Sponsors for the group are Miss Isobel Griscom and Mr. Arlie Herron. Leading as president is David Glenn and as secretary Barbara Fenix.

Ed Blevins, Delores Bachman, Ada Beard, Mary Lou Evans, Mr. Arlis Herron, David Glenn, Barbara Fenix, Jane Alford, Karol Killian.

# THE UNIVERSITY SCHOLARS

Realizing that true scholarship involves more than the attainment of a certain grade average, the University Scholars was organized in 1960 to recognize those students who display outstanding ability, scholarly endeavor, and an unusual scholarly attitude. The Scholars, who must be recommended by the faculty for membership, meet monthly to discuss some work all have read and to report on the progress of independent projects. The object of these discussions is to provide an intellectually enthusiastic atmosphere and therefore stimulate creative thought. Dr. James W. Livingood, Dean of the College of Arts and Sciences, is the faculty advisor for the 1963-64 Scholars.

**First Row** Martha Clemmer, Delores Bachman, Pat Bonin, Cathy Elton. **Second Row:** Carolyn Mitchell, Elaine Allison, Ann Lackey, Joy Carscaddon, Sharon McMahan. **Third Row:** Dean James Livingood, faculty advisor; David Koplan, David Martin, Don Perkinson, Hans Bingham. **Fourth Row:** David Newton, Joel Cunningham, Bob Fanning.

# INDEPENDENT STUDENT ORGANIZATION

The Independents have a double purpose—to provide a full program of activities for the students and to aid and promote the aims and ideals of the University. The organization is open to all students who wish to have a large amount of individual freedom and also enjoy the advantages of group activity.

Among this year's activities were a hayride and a dance given for all Independents in October. Later Sparky Sparks was sponsored for Miss Christmas Seal and Janis Beard and Joyce Sommers for the Moccasin Beauties. Sparky and David Koplan were elected to the Student Council, and the Independent girls placed second in intramural volleyball.

# Romeo and Juliet

As a gift to the city of Chattanooga on the 400th anniversary of William Shakespeare's birth, the University Players produced a most excellent interpretation of the great bard's *Romeo and Juliet,* under the capable direction of Mrs. Dorothy Hackett Ward. As its two main goals, the newly organized Players, with Terry Blunt as chairman, have proposed the presentation of outstanding dramatic productions, usually Shakespearean, each year and a new theater of its own on the University campus. Membership in the Players, while not limited to majors in drama, is based on participation in scenery design and building, costuming, and acting and is extended by invitation only.

Alpha Delta Pi, the oldest Greek sorority, celebrates another extremely successful year in Beta Beta chapter at the University of Chattanooga.

For new sisters we chose an outstanding group of girls who have already made themselves known on the campus: Chris Richard was chosen UC cheerleader, and Beverly Elliot, alternate cheerleader. Two actives, Nancy Jo Bales and Carole Rawls, are also cheerleaders.

ADPi claims Margaret Wood, secretary of the senior class; Beth Gentry, secretary of the junior class; Bobbie Quinn, treasurer of the junior class; Bonnie Justin, secretary of the sophomore class; and Connie McDaniel, treasurer of the sophomore class. On the Student Council are Beth Gentry and Bobbie Quinn. In other organizations on campus, especially religious groups, Alpha Delta Pi also has many leaders. Randy Weidman is president of Koinonia; Margaret Wood is president of the Baptist Student Union, and Eleanor DeLong and Jerry Jane Parker also serve with her as officers. The Newman Club elected Rose Ann Davis secretary, and Canterbury Club chose Ann Lackey as vice-president.

On the campus, Alpha Delta Pi's have gained much distinction in honor organizations. Listed among those in "Who's Who" are Marsha Mann, Martha Kilgore, and Margaret Wood. Members of this year's Mortar Board include Margaret Wood and Martha Kilgore, who serves as vice-president. New initiates into Kappa Chi Epsilon are Bonnie Justin and Eleanor Delong, who is also in Alpha Lambda Delta. Chosen by the University Scholars in the spring were Joyce Olson, Connie McDaniel, and Ann Lackey.

Working in school publications this year are Diane Grob, Eleanor DeLong, and Marilyn Wood, the latter being Associate Editor of the *Echo*. On the Moccasin staff, the Greek editor is Ann Lackey.

Again for many years in a row, an ADPi was chosen Homecoming Queen, this year's queen being Carolyn Davis. Two of the five Moccasin Beauties are Bonnie Justin and Connie McDaniel. Officers of the R.O.T.C. asked Beth Gentry and Martha Kilgore to be their sponsors, while Bonnie Justin was chosen sponsor of the Pershing Rifles.

With this many members in honorary positions in every phase of campus life, the success of Alpha Delta Pi is most apparent.

Out of the weekend "owl-hoots," the all-night slumber parties, the Chi Omega Spring Formal, and the autumn hayride have emerged the Delta Alpha chapter of Chi Omegas who have pulled together in sports, won together in elections, and worked together in civic projects.

On the campus, Chi Omegas have gained much distinction. In the spring of 1963, Mortar Board tapped Martha Galbraith, Cathy Elton, and Lillian Jolley, while four Chi Omegas became members of Alpha Society. Trudy Bender has served as Secretary-Treasurer of the Student Body, Martha Galbraith as editor of the *Echo,* and Cathy Elton as editor of the MOCCASIN. Vicki Kelley became a UC cheerleader, and secretary of the Honor Council is Lillian Jolley. To Kappa Chi Epsilon we added Judy Hogue and Deane Macormac.

Twenty-nine pledges entered the Dutch-doors in September and joined in the fun and friendship so prevalent in the Chi Omega house.

The Pi Phi's started the fall of 1963 with a big bang by pledging 25 new members. The chapter had won recognition in the spring by placing second in Blue Key Follies and by receiving honorable mention for our chapter history nationally. A first place was gained in the Sigma Chi Derby and the Pi Phi's retained the cup for the year. Connie Day played on the golf team.

The Pi Phi's added more honors to the list in the spring when Delphine Ainsworth was chosen Lambda Chi Alpha Crescent Girl; Marilynn Hale, Sweetheart of Sigma Chi; and Janet Parks as Pi Kappa Alpha Dream Girl. Loretta Ettien was in the Lambda Chi court, while Brenda Acton and Judi Norris gained recognition in the Sigma Chi court. Carol Sanders, last year's freshman cheerleader, served as head cheerleader this year, and Harriet Bandy was the first alternate. With a great deal of fun and effort, Pi Phi's placed second in the Homecoming decorations, while Connie Day represented us in the court. For the second consecutive year, the Pi Phi's gained acclaim for selling more symphony concert tickets, thereby winning the Schroeder Award.

Among such organizations as the University Scholars, Phi Eta Sigma, and Circle K, fraternity members took an active part. Lambda Chi also boasts two members of the Golf Team—Claude Walker and Colin Aldridge.

During the year, the fraternity joins in such activities as Homecoming—in which we took second place—and All-Sing. Working together through the year the members of Zeta Phi Zeta chapter of Lambda Chi Alpha were drawn even more closely together in the bond of brotherhood.

Pi Kappa Alpha, in its sixteenth year on the campus of the University of Chattanooga, began by obtaining a fine pledge class which added greatly to the long list of prominent local citizens already members. In the course of the school year several charitable projects were undertaken. One such project included assisting the March of Dimes. Another provided for the restoration of a Confederate cemetery which, heretofore, had been relatively unknown to residents of the Chattanooga area.

When the weather was pleasant, it was a common sight to see the Pike chapter traveling about in the fraternity's 1927 fire truck. This old vehicle has great sentimental value to all

the brothers and has added a great deal to all the social functions at which it has been used. And, it has long been a Pike tradition to take each new pledge class of each sorority for a ride around the campus and through the town on the day of pledging.

Throughout the year, PiKA participates in such campus activities as All-Sing and intramural athletics. Among UC athletes, PiKA claims Dave Sicko of the basketball team. Thus, through these many and varied activities, Pi Kappa Alpha at the University of Chattanooga maintains itself as an active and efficient group on the campus.

This year was a very successful year for Sigma Chi on the University of Chattanooga campus. During the summer, the fraternity house was painted and redecorated by our alumni chapter in Chattanooga. The school year began with thirty-one excellent pledges, one of whom, Jack Davis, was elected vice-president of the freshman class. Among the class officers, Sigma Chi also claims Joel Cunningham who is president of the junior class and also president of the Student Council.

Many Sigma Chi's have gained prominence in campus organizations. Artie Jones is president of the Westminster

Blue Key chose Joel Cunningham in the fall for membership, and the president of Blue Key is David James. On the Student Council, Sigma Chi boasts Artie Jones.

First place in intramural football was captured by Sigma Chi, as was second place in wrestling.

Thus, through these many activities and with these many honors, Sigma Chi at the University of Chattanooga feels that it is doing much to be a credit to the national organization.

## STAFF

The mission of the Army Reserve Officers Training Corps is to train, as junior officers, college students who have the qualities and attributes essential to their progressive and continued developments as officers in a component of the United States Army. The course of instruction is divided into two phases—The Basic Course and the Advanced Course. Each phase lasts two years. Attendance at a six-weeks summer camp is required of all advanced course students following the end of the junior year of college. Upon successful completion of academic requirements for a degree and the four-year military program the student is commissioned a Second Lieutenant in the Army of the United States.

The program is demanding both in time and effort but the rewards are worth the energies devoted. Development of leadership ability is a primary aim and skills learned are useful whether the graduate remains in the Armed Forces as a career officer or returns to a position in the civilian community.

At the University of Chattanooga there are a number of student military activities which complement the ROTC training. On campus there is a chapter of Pershing Rifles, the National Society for basic students with attention directed to drill proficiency; a student chapter of the Association of the United States Army; a rifle team, which competes against rifle teams from other colleges and universities; a band; and a student chapter of the Reserve Officers Association. There has also recently been formed at the University of Chattanooga a Military Honor Society which, it is planned, will become a unit of Scabbard and Blade, a national honor organization for advanced course students of the ROTC program.

A staff of four officers and five noncommissioned officers of the United States Army are on the University Campus to present instruction and administer the Department of Military Science.

The University of Chattanooga Moccasins ended the 1963 season with a 4-6 record against some of the top teams in the nation. Kelly Sargent set a new school record of twenty-seven pass receptions in a single season. Jack Proctor returned four kickoffs for 100 yards to set a new University record. Wayne Farmer, captain of this year's team, was voted Little All-American. The Mocs have a rebuilding job in store as they face the 1964 season with a loss of fourteen seniors.

MOCS held their own against these tough teams although they were overpowered.

The scoring opened against N.E.La. with a field goal in the last seconds of the first half. Kelly Sargent pulled in an Eisaman touchdown pass in the third quarter and an alert MOC defense late in the game preserved the victory.

The following week TENNESSEE TECH upset the MOCS in a muddy, low-scoring contest. A MOC touchdown in the closing seconds was nullified by a penalty and the game ended with a 5-7 TECH victory.

Next, a see-sawing scoring battle went to EAST TENNESSEE STATE UNIVERSITY. STATE marched to four touchdowns to eek out their 27-22 victory.

The MOCS traveled to AUBURN on Columbus Day and ended up on the short end of a 28-0 score.

A 7-0 victory over MIDDLE TENNESSEE STATE broke a MOC three-game losing streak. Steve Coleman intercepted a STATE pass, and Larry Elmore directed the MOCS to a score. The second half was strictly defensive as Captain Wayne Farmer consistently aided in smashing the STATE offense.

A fired-up MOCCASIN team traveled to Knoxville to face the S.E.C. Vols; however the Scrappy MOCS went down to a 49-7 defeat.

The MOCS rebounded to a 14-0 victory over JACKSONVILLE (Ala.) STATE. Elmore and Eisaman led the attack for two touchdowns in the first half. In a defensive second half Wayne Farmer and Larry Brooks held Jacksonville scoreless.

On November 9, the MOCS honored "Sandy" Sandlin, the MOC trainer, on "his night" with a 25-6 trouncing of FLORENCE STATE. Elmore led a ground attack the first half of the game for two of the touchdowns and Eisaman led the aerial attack the last half to complete the scoring.

Undefeated and once tied MEMPHIS STATE had their hands full on November 16, barely edging out the MOCS 13-0. This was the finest MOC effort in defeat.

**Coach Leon Ford**

Under Coach Leon Ford the Moccasin cagers pulled a 13-13 season against an extremely tough schedule of teams.

Gary Davis, guard, showed excellent ability on offense and defense. He was the leading scorer with an average of 13.6 points per game. Larry Davis, guard, also excelled in defense, hitting an amazing number of shots from the half court line.

As is the custom of the Mocs, the captains were not chosen until the end of the season. Chet Rysedorph and Gary Davis were chosen co-captains for their outstanding work on the team. Huck Smith is the only man on the team who is graduating; therefore the '64, '65 team should be well seasoned with many old pros. We'll be looking for an excellent season next year.

Coach Andy Nardo's wrestling team finished the year with an excellent and impressive record. An almost perfect season of eight wins and one loss was the standing of one of the South's most outstanding teams.

Although the Mocs did not capture the Southeastern Wrestling Tournament, they placed second, only two points behind the powerful Auburn team, the champions for the past eighteen years.

Tom Hubbuch was the champion of the 177-pound class, and eight out of nine of the Moc entrants won trophies. Jim Eldridge (123), George Farr (137), and Chuck Steig (191) were in second place.

# VARSITY TENNIS TEAM

The UC varsity tennis team, under their able coach Leon Ford, has had an exciting year. As members of the Tennessee Interscholastic Athletic Association they have played against many good schools, but their toughest competitors were Ohio State and Sewanee. The members of this fine team were Morrow Chamberlain, Artie Jones, Jack Morris, Ron Johnson and George Von Cannon.

# GOLF TEAM

The UC golf team plays matches against various southern schools during the months of March, April and May in addition to the Tennessee Intercollegiate Athletic Conference Tournament in late April and the Southern Intercollegiate Tournament in early May. The only loss is last year's captain, Darriel Broome. This year's team has 4 returning lettermen: Claude Walker, Rob Landham, John Hunley, and George Dorsey. Connie Day is a former Tennessee Women's Amateur runner-up. The 5 rookies trying out for spots on the team are Colin Aldridge, Don Tribble, Bobby Boehm, Hank Huskey, and Terry Houpt. Coach Geri is doing a terriffic job with the team.

By downing the Kappa Sigma team, the Independent basketball team secured the 1963-64 trophy. Although they had a 6-0 record, they had to beat the Kappa Sigma team with a 5-1 record. The members of the Independent team were Bobby Boehm, Bill McGuire, Butch Gross, and Morrow Chamberlain. The Kappa Sigma team gained runner-up position by winning over the third place Pi Kappa Alpha team.

The Kappa Sigma fraternity took the intramural title for wrestling by having 4 winners. They were: Henry Sorrell (heavyweight), John Pennell (123), Glynn Stowe (187), and Charles Bingham (177). The Sigma Chi's secured second place, just seven points behind the Kappa Sigmas. John Barnes (130), Kirk Salter (157), and Ted O'Neal (167) led the Sigma Chi's. Schaak Van Deusen (137) and Howard Huddleston (115) took other individual honors.

The other Men's Intramural sports include swimming, softball, tennis, and golf. In football, Sigma Chi placed first, Pi Kappa Alpha, second, and there was a tie for third place between Kappa Sigma and the Independents.

In the fall of '63 Women's Intramurals started with Pi Beta Phi winning the volleyball tournament. The Independents came in second and Chi Omega third. The other sports included are basketball in February, badminton, tennis, golf, and swimming which all come in the spring.

All of a sudden the juniors realized that the days of survey courses were over and concentration in a major became a reality instead of just a word on registration cards. The juniors found smaller classes and more individual contact with their professors. They had learned how to have a good time long before; as juniors they learned to do it quietly.

# SOPHOMORE CLASS

Sophomores—aware of the perils of life, prepared to meet the demands of the modern world, and eager to embark into a challenging year leading to graduation—entered the second year of college with new found knowledge and a greaer understanding of the purposes of education. Equipped with this new outlook on life, the sophomores were anxious to share their vast expanse of knowledge with the unexperienced freshmen. In carrying out this project, the sophomores started by aiding in the freshman orientation program. Many members of the Sophomore Class were engaged in numerous functions of the school — leadership, athletics, scholarship — reflecting the variety of abilities and interests characterizing the Sophomore Class.

Sophomore Class officers pictured left to right are: Bob Lanza, vice-president; Connie McDaniel, secretary; Louise Hampton, treasurer; Bill Eiselstein, president.
